Larger vehicles (e.g. small lorry) may need to cross lanes into bus and taxi lane in order to reverse into loading bay. Banksman required.

Occasional vehicle loading bay for larger deliveries (can accommodate small lorry ~6m long)

Visitor bikes relocated as discussed in PTM on 02/04/2019

General vehicle loading bay for smaller vehicles (e.g. car/ small van)

Bin store relocated as discussed in PTM on 02/04/2019. Bin store meets local planning requirement = 7870 litre capacity based on 2600/1000m² GFA

Vehicle access from Park Terrace. Restricted to smaller vehicles (e.g. car/ small van) due to tight access route.

Occasional vehicle loading bay for larger vans. Lorries would need to access from Regent Street due to c. 5.6m width between kerbs on Park Terrace which restricts the space available for larger vehicles to turn.
