

Pomeroy Academy Scholarship for Sustainability Leadership for the Built Environment (IDBE)

Pomeroy Academy and the University of Cambridge Institute for Sustainability Leadership, have established a scholarship for prospective students of the Sustainability Leadership for the Built Environment (IDBE) Master's. The Pomeroy Academy Scholarship serves to support one student per year from countries in the Asia Pacific Region (East Asia, South Asia, Southeast Asia, Australasia, and Oceania) who can demonstrate their interest in, and commitment to, the design and development of sustainable built environments.

The scholarship was created by IDBE (cohort 10) alumnus Prof Jason Pomeroy, founding principal of designers and thought leaders of sustainable built environments, [Pomeroy Studio](#), and sustainability educators, [Pomeroy Academy](#). Pomeroy attributes much of his success with forwarding the green agenda in Asia to the collaborative, interdisciplinary approach to creating sustainable built environment projects which is at the heart of the IDBE programme. The scholarship invites applicants from South-East Asia who wish to push the boundaries of sustainable design and research, to submit an application.

Further information:

The scholarship is for £8,000. The Combined Graduate Fee for the course is £11,295 per year, i.e. £22,590 in total. The scholarship will be applied as discount to the course fees: 50% of the scholarship (£4,000) against the first-year fee and 50% (£4,000) of the scholarship against the second-year fee.

Eligibility Criteria

- The scholarship is available to IDBE Master's candidates who:
- are resident in a country in the Asia Pacific Region (East Asia, South Asia, Southeast Asia, Australasia, and Oceania) ;
- can demonstrate their interest in and commitment to the design and development of sustainable built environments;
- have applied for admission to the Master's via the standard application process and by the published deadline; and
- have received an offer of admission to the Master's following the competitive selection process, and fulfil any admission conditions set by the University;

In addition, the following will be prioritised in the competitive selection process for the scholarship:

- Sustainability leadership potential
- Academic ability, which will be assessed based on:
 - Past academic record
 - Quality and relevance of the dissertation proposal submitted

Application Process

To apply for this scholarship, candidates must submit:

- A letter of application demonstrating (in less than 1,000 words), their interest in, and commitment to, the design and development of sustainable built environments.
- Proof of residence in a country in the Asia Pacific Region (East Asia, South Asia, Southeast Asia, Australasia, and Oceania) .

Further information and/or supporting evidence may be requested.

Expected Commitments from Recipients

Scholarship recipients must provide a short annual report of their experiences as students on the IDBE Master's programmes for submission to the Pomeroy Academy.

If requested, the scholarship recipient must also be willing to submit a short testimonial describing their experiences on the course for use (print and online) by Pomeroy Academy and CISL.

Applications will be accepted until 16 May 2022.
