TEXpert AI

**Drishdey Cullychurn, Founder & CEO**

<https://www.linkedin.com/in/drishdey-caullychurn-mba-b9880454/>

Drishdey Cullychurn, a former investment bank treasury dealer and award-winning entrepreneur, founded TEXpert AI to empower organisations with data-driven diversity strategies. By leveraging data analytics and AI, TEXpert AI assists companies in evaluating their diversity landscape, identifying areas of improvement, and implementing targeted solutions. She is putting a technology spin on diversity, equity, and inclusion efforts and enabling businesses to deliver positive and measurable social impact.

**TEXpert AI**

A diversity data analytics SaaS helping companies see, assess, and address their social impact. [UK]

HACE

**Eleanor Harry, CEO**

<https://www.linkedin.com/in/eleanor-harry/>

Eleanor Harry is the CEO and Founder of HACE: Data Changing Child Labour. She has worked in child labour for over 13 years, across supply chains including cotton, fishing and ready-made garments.

Eleanor was named as the 'Woman of the Year: 2022' at the FDM's everywoman in Tech Award for her tireless work in advocating for adequate representation of women in the tech and AI field. She has contributed to international UN literature surrounding child labour including Delta 8.7's 'Markets' Policy Guides and the recent Code 8.7 Symposium. She also sits on the UN's UK Global Compact Child Labour Working Group. Eleanor is a global authority on child labour, having spoken for the likes of Google, Nestle, Sky News, British American Tobacco Sustainability Week and CDO Exchange.

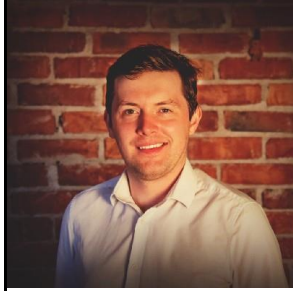

Using AI and developing data-driven products for investors and supply chain companies to combat child labour. [UK]

SkenarioLabs

**Tom Somers**, UK and Ireland Director

<https://www.linkedin.com/in/tom-somers-4646a261/>

Tom is an experienced innovation expert with a proven track record in both public and private sectors. As the Director of UK&I at SkenarioLabs, they have led innovation programs and teams in the social housing sector, as well as well-known businesses such as Centrica, and Arup. With a focus on partnerships for innovation in the built environment, Tom brings a wealth of collaboration experience to the table. He has actively participated in innovation and accelerator programmes such as Public's GovStart Program, Aldar's ScaleUp 3.0, and the Connected Places Catapult's Milton Keynes Accelerator. With a strong foundation in research and development work, Tom is looking forward to driving impactful outcomes alongside BSI, CISL and the wider cohort, leveraging their expertise and network for success.

An advanced data-driven platform that enables the analysis and optimization of building portfolios for energy efficiency and carbon reduction. [Finland]
