

The ClimateWise Principles Independent Review

An annual assessment of the integration of the ClimateWise Principles across member business activities. It highlights the overall progress being made by the ClimateWise community, while giving members private individual rankings that allow them to benchmark progress against their peers.

Principle 1
Lead in risk analysis

See page 14

Principle 2
Inform public policy making

See page 17

Principle 3
Support climate awareness amongst our customers

See page 20

Principle 4
Incorporate climate change into our investment strategies

See page 23

Principle 5
Reduce the environmental impact of our business

See page 26

Principle 6
Report and be accountable

See page 29
