

# SURYA KARKI

## MAYA UNIVERSE ACADEMY

# FREE EDUCATION IN NEPAL

The current status of education and economy suggests that a new community centered approach is required. With a view to providing an alternative to public schooling in Nepal, and **provide quality education** to rural poor of Nepal, **Maya Universe Academy** was established in 2011 with 45 students in a village called Udhin Dhunga of Tanahun district.

We work with the local communities, providing employment and encouraging first hand leadership in community development. Maya Farms have provided vocational training and micro loans to 1200 farmers, thus encouraging the creation of a local economy based on **sustainable food production**. Maya has an aim to establish an agriculture produce collection center in every district to foster a sustainable community.
